

Over 90% of students sitting the final assessment tests pass

Yet again, the success rate for UOC students is very high. 94% of students sitting the final assessment tests last semester passed the subjects in question.

The pass rate is slightly higher in the case of qualifications on the Spanish-language Campus (94.2%) than for those on the Catalan-language Campus (93.9%). These figures match those from the previous semester.

Great success for students

Three quarters of students passed all the subjects they had enrolled on last semester. The overall rate for students passing all their subjects was around 76.9%.

80.2% of university master's degree students and 73.65% of degree students passed all the subjects they had enrolled on.
